OPTIONAL WHEEL KIT

ELECTRIC START  
AVAILABLE ON SELECT MODELS

- **Powerful Briggs & Stratton I/C® 5.0 Gross HP\* Engine Designed for Heavy Duty Use and Long Life**  
Cast Iron Cylinder Sleeve

- **Large 15 Liter Fuel Tank**  
Up to 11 Hours Run Time (at 75% Load)

- **Fully Featured Control Panel**
- **Automatic Voltage Regulation**  
Smoother, Consistent Power
- **Durable 100% Copper Alternator**  
Durable, Compact Power

- **Powerful Briggs & Stratton I/C® 8.0 Gross HP\* Engine Designed for Heavy Duty Use and Long Life**  
Cast Iron Cylinder Sleeve

- **Large 25 Liter Fuel Tank**  
Up to 11 Hours Run Time (at 75% Load)

- **Fully Featured Control Panel**
- **Automatic Voltage Regulation**  
Smoother, Consistent Power
- **Durable 100% Copper Alternator**  
Durable, Compact Power

- **Powerful Briggs & Stratton I/C® 13.5 Gross HP\* Engine Designed for Heavy Duty Use and Long Life**  
Cast Iron Cylinder Sleeve

- **Large 25 Liter Fuel Tank**  
Up to 9 Hours Run Time (at 75% Load)

- **Fully Featured Control Panel**
- **Automatic Voltage Regulation**  
Smoother, Consistent Power
- **Durable 100% Copper Alternator**  
Durable, Compact Power
- **Electric Start Available on Select Models**

\* All power levels are stated gross horsepower per J1940 as rated by Briggs & Stratton.

\*\* This generator is rated in accordance with ISO 8525 G1.
